***PPIC LUNCHEON BRIEFING:
Statewide Survey Findings on the Eve of
the November General Election***

**Tuesday, October 3, 2006
12:00 noon – 1:30 p.m.
Room 2261, Rayburn House Office Building**

PPIC's latest survey continues to examine voter perceptions on ballot measures and candidates as we move closer to the November general election. This survey, the second of four that will examine voter preferences before and after Election Day, again looks at how Californians feel about the state's future, the ability of their government to plan for that future, and how these perceptions are affecting voters' views of bond measures just six weeks before they go to the polls.

Mark Baldassare, Director of Research, Survey Director and Senior Fellow at PPIC, will present new findings from the PPIC Statewide Survey at this luncheon briefing, which will be held on Tuesday, October 3, 2006, at 12:00 noon in Room 2261 of the Rayburn House Office Building. Copies of the survey will be available at the briefing and at <http://www.ppic.org>.

Author of numerous PPIC publications, Mark Baldassare is an expert in public opinion and survey research, as well as elections, demographics and political participation. Before joining PPIC, he was a professor and department chair at U.C. Irvine, and conducted polls for the L.A. Times, Orange County Register, San Francisco Chronicle, and California Business Roundtable.

PPIC is a private, nonprofit organization dedicated to improving public policy through objective, nonpartisan research on the economic, social, and political issues that affect Californians. It was established in 1994 with an endowment from William R. Hewlett.
