

California Congressional Delegation Staff Roster

January 2000

prepared by

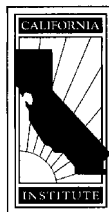

The California Institute for Federal Policy Research

and

The Washington Office of California Governor Gray Davis

**Washington Office
Governor Gray Davis**

**The California Institute
for Federal Policy Research**

The California Institute for Federal Policy Research and the Washington Office of California Governor Gray Davis are pleased to provide you the following joint product, a legislative staff directory for the California Congressional delegation.

During 1999, the California Congressional delegation was faced with a broad array of challenges manufactured by opportunistic legislators from competing states. Working together in a bipartisan fashion, they successfully rebuffed efforts to slash funding for the key State Criminal Alien Assistance Program (SCAAP), beat back an onerous cap on transit funds which would have impacted only California and one other state, and ensured that disaster insurance requirements on public buildings would be imposed rationally, not hastily. Similar challenges will surely arise in the second session of the 106th Congress.

We hope that this directory will serve as another reminder for you and your offices of the many opportunities for collaboration with your California colleagues when you are faced with issues or challenges important to the state and its residents.

Our apologies in advance for any errors or omissions. We recognize that staff members and responsibilities can change frequently, and a publication is only accurate for a fixed moment in time. For this reason, this document will be regularly updated on the world wide web. Please see <http://www.calinst.org/directory> for the latest version. To that end, we encourage all Congressional offices to contact us with changes and updates (by phone, fax or email) as they become known. In addition, we welcome any suggestions for changes in format.

Both of our offices look forward to working with you in the coming year to support your ongoing efforts to preserve and protect the interests of California in Washington.

Sincerely,

Olivia Morgan
Director, Washington Office
Governor Gray Davis
444 North Capitol St., Suite 134
Washington, DC 20001
voice: 202/624-5270
fax: 202/624-5280
email: omorgan@wdc.ca.gov

A handwritten signature in black ink, appearing to read "Tim Ransdell".
